Subject: Example attachments for residential packets - Fruitland

Michelle / Jason,

Here are two examples of the attachments for the residential packets for review – one indoor+outdoor cleanup property (3559) and one outdoor-only (3563).

I do not have copies of the ServPro indoor cleaning reports yet, right now there is a placeholder for Attachment 6 included at the end of the 3559 packet. Please let me know if I should contact Peter or someone else directly for those.

We have started generating some of the basics for all homes, but we plan to wait to prepare the remaining packet attachments until UC has had a chance to comment on these draft attachments.

Next week (August 1-5) I have family coming into town and I plan to be in the office just part-time. Jon Colomb agreed to take the lead with the residential packets next week if I'm not immediately available. I will be available by cell phone and I will see e-mails in evenings.

Ryan
